### 21. DISPLAY AND STAND DECORATION - GUIDELINES

Construction and decoration of stands will be governed by the following guidelines.

Products / exhibits particularly the operative machines must be placed at least 1 mtr away from the boundary of open sides of the stand. No part of any exhibit should project out of the stand boundaries.

Clustering or crowding of exhibits in the stands is not allowed. At least 1 meter gap between two machines / exhibits must be provided. Overall 30% of the stand space must be left free for movement of visitors and safety during demonstration of exhibits.

All machines / equipment should be placed in such a way that they would indicate the normal operating position on the shop floor.

Grouting or drilling in the walls / floor is not allowed. However in case of heavy machines, Exhibitors may be allowed to install at their own cost concrete blocks / platforms on the polyethylene sheet without damaging the floor. Partitions and / or dividers in the stand are allowed subject to the following conditions:

These are not erected in the open side of the stand.

Refer clause 22(a) for height.

Both sides of the partition wall are properly finished or painted; particularly the side from the neighbouring stand side should not look unfinished. It would be desirable that side partitions are made with mutual agreement with neighbouring booths. Display panels, name boards, sample holders, photographs and other

display materials are permitted in the stand subject to the condition that their height complies to clause 22(a) of this manual..

Show-cases are permitted subject to the condition that their height does not exceed 2.4 mt and they are placed at least 1 mtr away from the open side of the stand.

- a) Spotlights, small machine lamps or reading lamps are permitted, provided these are fitted along the stand structure erected within the limits of above mentioned specified heights.
- b) Exhibitors should not take support of any permanent structure in Exhibition hall for decoration purposes.
- c) Electrical wiring should conform to safety standards.
- d) Noise levels should be within the permissible limits

## **22. Construction Guideline for Bare Space Participants**

- a. All participants who have taken bare space are required to submit their booth design and construction plan to the organisers before 15 May 2019 and take formal clearance. Booths design and construction plans may be sent by email to: [intec@codissia.com](mailto:intec@codissia.com).

Permitted height of Construction:

- i. Hall A, C, E & F upto 3 mtrs
- ii. Hall B & D upto 5 mtrs

## **b. Sound Systems / Presentations**

The organisers reserve the right to restrict operation of exhibits, because of noise, vibrations, method of operation or any other reason. The sound level from any booth shall not intrude into adjacent exhibit areas.

Presentations should be confined to the exhibitor's booth to avoid disturbance to neighbouring booths.

- c. Stall opening should be minimum 2 meters. No banners will be allowed without prior approval.
- d. Construction of Mezzanine floors will be allowed subject to structural suitability at NO ADDITIONAL PARTICIPATION CHARGES. Design and construction plans have to be submitted to the Organisers before 15 May 2019 for Approval. Decision of INTEC 2019 Organisers is final on such matters.
- e. Exhibiting companies that share a common booth back wall boundary line must allow 9" of space from

the common booth boundary line when setting up the construction of their exhibit back wall to allow a total of 18" for access to electrical and utility outlets.

## **23. Electrical Supply & Installations**

Hall lighting will be provided by show organisers in addition to normal stand lighting. The standard electrical voltage available for use on stands at the exhibition is 230 volts single - phase A.C. at 50Hz, and 415 volts 4- wire-three- phase and neutral alternating at 50Hz.

A fluctuation of +/- 10% can be expected. Exhibitors whose equipment is particularly sensitive should arrange for stabilizers. Organisers will not be responsible for any damage to machine due to power fluctuations. Supplies to stands will normally be switched off at source 30 minutes after the exhibition closes each day (15 minutes on the final day) Any exhibitor requiring electrical power supply at times other than those mentioned above should make application to the management office before 26th April 2019. Supplies cannot be arranged at short notice. Cost of additional supply must be borne by the exhibitor.

Exhibitors who have ordered additional electrical items in advance are requested to show the location of extras on their booth design. All electrical installations on stands must be carried out by the official electrical contractor.

A flat rate of Rs. 3000/- + GST per KW on connected load will be the basic rate for power and light consumed during INTEC 2019. It is essential that all exhibitors submit the prescribed form on Power Requirement as per deadline on 28th April 2019.

NB: Flashing lights and neon-signs are permitted only if they do not cause inconvenience to other exhibitors.

## **24. Stand Fittings Regulations (Official Shell Scheme)**

- a. No additional stand fittings or display may be attached to the shell stand structure. No nailing or drilling will be allowed. If you require assistance in hanging or displaying your exhibits, please consult the official Shell Contractor. Please note that internal dimension of shell scheme stands are approximately 5 cm smaller than the contracted area as the walls are contained within the booth.

- b. No Painting or wall papering of the shell stand panels will be allowed. Exhibitor who wishes to have panels painted must inform the official shell scheme contractor who will provide estimates on cost involved
- c. No free standing fitment may exceed a height of 2.5 m or extend beyond the boundaries of site allocated.
- d. Any change to the type or colour of the floor covering provided, must be by prior permission of with the shell scheme contractor. Any cost incurred must be borne by the exhibitor.
- e. No financial credit will be given by the organisers for any package item not utilised.
- f. Under shell scheme Packages  
Package shell scheme booths will be built from modular extruded aluminium system to the following specifications for every 9 Sq Mt of space. (Fractional area will not get extra items)
  - Floor space
  - Wall partition space
  - Fascia Name plate
  - Carpet
  - 3 spotlights.
  - One 5 amps single phase socket
  - 1 Table and 2 chairs
  - 1 Dustbin
- d. Ensure that no naked flame is used in any demonstration in the exhibition premises.
- e. Isolate controls and switches so that machinery cannot be activated by accident or interference by visitors.
- f. In case of dispute, the show organisers ruling will be final.

#### 26. Storage, Cleaning & Removal of Waste

Arrangements for storage facilities for package cases, surplus materials, etc may be coordinated with Official logistics service providers. Service charges are payable to the logistics service agency.

During the move-in, construction of stands and removal of exhibits, the passage ways in the exhibition halls must not be obstructed with exhibits, construction materials or debris. Contractors of stalls are responsible for removing their own off-cuts / waste each day of build and break down.

During open days, Exhibitors are requested to place the waste in the aisle, from where it will be removed by the cleaners. The Show Organisers reserve the right to invoice Exhibitors for placing excessive packing materials, discarded crates or cartons and stand building materials on the aisles.

Exhibitors are advised to use waste-bins in their stalls for throwing waste material.

#### 27. Liabilities & Insurance

It would be advisable for the exhibitors to take Insurance Policies covering the following:

- Machinery & Other Exhibits
- Transit and loading & Un-loading of machines
- Exhibition personnel
- Third parties (Visitors)

The Show Organisers will not accept liability for loss or damage to any exhibit or injury to exhibitor's personnel at any time. Exhibitors are strongly advised to insure their exhibits against theft, loss or damage, including the risk of fire and to cover themselves against third party liability for visitors to their stands.

#### 28. Entry / Exit Procedure

The transporter is required to show the invoice and packing list of the exhibits for INTEC 2019 to the

#### 25. Demonstration and Working of Exhibits.

Any exhibitor intending to demonstrate equipment on his stand must:

- a. Provide the organisers with full details in writing of any working exhibits involving moving parts, naked flame, lasers or other hazardous exhibits.
- b. Give proper consideration to the safety conditions under which the exhibits will be demonstrated, including safety guards and screens to prevent accident or injury to both visitors and staff.
- c. Cause no annoyance to visitors or other exhibitors. Where a high level of noise, heat, or other objectionable factors are involved, demonstrations may only take place at the times stipulated by the show organisers who reserve the right to terminate a demonstration at any time.

officials at the Exhibit Registration Counter at the gate. For taking out the materials and exhibit cases after the exhibition, Out Pass should be collected from the respective Help Desks in front of each hall.

### 29. Schedule of Arrival of exhibits

The exhibitors have to coordinate with the logistics service agency, viz. Orient Marine Lines Pvt Ltd and plan the schedule of taking their exhibits inside the exhibition. The Show office should also be informed in advance of the schedule worked out by the exhibitor. Exhibitors who do not have heavy machines can bring their exhibits from 09.00 AM on 05.06.2019. In order to avoid last minute rush and strain on the material handling facility, exhibitors are requested to co-operate with the agencies for movement of exhibits inside the halls.

Exhibitors should depute their representatives to accept delivery of their exhibit cases at the Exhibition site. It will not be possible for the organisers to take delivery and make handling arrangements for the exhibitors.

Heavy vehicle movement within the city may be verified in advance to avoid any inconvenience.

### 30. Exhibit Weight / Sizes

All exhibitors have to give the details of their exhibits including weight, dimension, power requirements with weighbridge certificate in prescribed format before 26th April 2019.
